

EMERGENCY ROADSIDE SAFETY KIT CHECKLIST

**Protect the
vehicle driver and
passengers from
injury.**

**Alert oncoming
drivers from all
directions to the
disabled vehicle or
vehicles.**

Notify authorities.

Sanford, FL | 407-322-8415 | HarrellAndBeverly.com

The utilization of the recommended Emergency Safety Kit items will be determined by the skill level of the vehicle driver and or passengers present when a need to access the Emergency Safety Kit arises.

- Battery jumper cables or electronic battery jumper box
- First aid kit
- Hazard signal devices: road flares or reflective triangles
- Reflective safety vest
- Blankets
- Fire extinguisher
- Tow strap
- Gallon container of water for vehicle overheating issues
- Flashlight: hand held and or head strap mounted
- Tire pressure gauge
- Tire pump: either manual or battery operated
- Portable battery charging device for your cell phone
- Reflective raincoat
- Personal defensive weapon: to be determined by personal skill level and legal authority
- Current phone numbers for any roadside assistance or towing services you belong to or have access to through membership or insurance
